This book examines the history of black upward mobility and neighborhood change in Cleveland, Ohio, from 1900 to 1980. It draws on a rich array of sources, including census data, city directories, and oral histories, to provide a detailed and nuanced account of the experiences of black Clevelanders during this period.

The book begins by providing a historical overview of the black community in Cleveland. It discusses the origins of the black community in the city, as well as the challenges and opportunities that black Clevelanders faced in the early 20th century. The book then examines the process of black upward mobility in Cleveland. It discusses the factors that contributed to

black upward mobility, as well as the challenges that black Clevelanders faced in achieving economic and social success.

The book also examines the process of neighborhood change in Cleveland. It discusses the factors that led to the decline of black neighborhoods in the city, as well as the efforts that black Clevelanders made to revitalize their communities. The book concludes by discussing the implications of black upward mobility and neighborhood change for Cleveland and other American cities.

This book is a valuable resource for scholars of urban history, sociology, and race relations. It provides a detailed and nuanced account of the experiences of black Clevelanders during a period of significant social and economic change. The book also offers important insights into the challenges and opportunities that black Americans continue to face in the 21st century.
