Do you have a bright and capable child who seems bored and unmotivated in school? Are they underachieving despite their obvious potential? If so, you're not alone. Many bright children struggle in traditional school settings, leaving both them and their parents frustrated and concerned.

In her groundbreaking book, ***How To Help The Child Who Is Bright Bored And Having Problems In School***, Dr. Sally Reis provides a lifeline for parents and educators. With over 30 years of experience working with gifted and underachieving students, Dr. Reis offers a wealth of research-based strategies and practical advice to help these children thrive.

This comprehensive guide covers every aspect of understanding and supporting bright bored children, including:

- Identifying the signs and symptoms of underachievement
- Understanding the cognitive, emotional, and social challenges faced by bright bored children

- Developing effective strategies for engaging and motivating these children in school
- Working with teachers and administrators to create a supportive learning environment
- Addressing the social and emotional needs of bright bored children
- Case studies and success stories of bright bored children who have overcome their challenges

***How To Help The Child Who Is Bright Bored And Having Problems In School*** is an essential resource for parents, educators, and anyone who wants to help bright bored children reach their full potential. Dr. Reis's compassionate and practical approach will empower you to understand your child's unique needs and create a path to success.

### **Endorsements**

"Dr. Reis has written a must-read book for parents and educators of bright bored children. Her research-based strategies and practical advice will help these children thrive in school and beyond." - **Dr. James Renzulli, University of Connecticut**

"This book is a godsend for parents and educators who are struggling to help bright bored children. Dr. Reis provides a wealth of information and support that will help these children reach their full potential." - **Dr. Dona Matthews, National Association for Gifted Children**

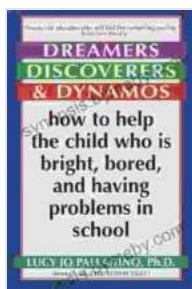

### **About the Author**

Dr. Sally Reis is a clinical psychologist and educational consultant with over 30 years of experience working with gifted and underachieving students.

She is the author of several books and articles on gifted education, and she is a frequent speaker at national and international conferences. Dr. Reis is the founder of the Reis Institute for Gifted Education, which provides training and resources for parents and educators of gifted children.
